RE: ★ **Star Service**

Dear Max,

Amy at Landstar agency RSA contacted Landstar Customer Service to commend your company's consistent quality service and Amy wrote "Just wanted to send a recommendation on the following carrier to post for other Landstar Agents looking for impeccable service. We have used Atlantic Freight since December of 2013. I couldn't ask for a better working relationship with a partner carrier. I have always had great communication with this carrier, for example, arrival times to both shipper and consignee, in addition, obtaining BOL information upon delivery!! Whatever it takes, they get the job done!! There was a particular incident where one of their trucks broke down, and they recovered it, made the delivery happen as planned it was a tremendous relief on our behalf to meet our customer's expectations. Not only does Agency RSA use Atlantic Freight, I referred them to my co-worker Agent RST and he has this carrier at his fingertips also and has been very pleased."

Landstar appreciates Atlantic Freight's commitment to our values of safety and service excellence and the professional manner in which you handled these loads will be reflected in your file. Thank you for a job well done; keep up the good work, and please continue to drive safely.

Thank you for all you do for Landstar,

Gregg Nelson
Vice President, Operations
